

PupSTEP + Plus Care & Use Guide

Congratulations on the purchase of your new Solvit Products PupSTEP + Plus Pet Stairs. These lightweight stairs are an excellent choice for helping small to medium-sized pets access their favorite places.

CAUTION: The PupSTEP + Plus stairs are intended for small-medium size pets only! Not intended for human use or for carrying heavier loads. Please follow this guideline strictly!

ASSEMBLY: Assembly of the stairs is very easy and should only take a few minutes.

Step one – position the back leg in the “locked” position: Simply swing out the back leg section (which is folded under the main stair section) until a “click” is heard. This “click” indicates the hinge at the top is engaged. To test the hinge, try closing the two sections together again. If they won’t re-close and seem firmly in place, the hinge is set securely.

Step two – attach stair treads: There should be four adhesive-backed tread covers included with your stairs. Working on step at a time, peel the backing off each tread piece and press firmly into the recessed area on each plastic step. Hold pressure for a few seconds before moving to the next piece. Repeat until all four tread pieces are installed. Your stairs should now look like the image below:

Step three – attach non-slip feet (optional): Attach the non-slip feet only if the stairs will be used on a slick surface, such as wood flooring. Peel the backing from each piece and press firmly into the recessed area at the corners on the underside of the stairs. Repeat for all four corners.

Storage: The PupSTEP + Plus can be re-folded into the closed position for storage or travel. To do this, turn the stairs upside down and set them in your lap. 1) Push up slightly on the leg closest to you and 2) pull back on the corresponding tab behind the hinge area. 3) Pull back down on the leg to disengage the hinge. 4) Repeat 1) – 3) on the opposite leg to unlock the opposite hinge.

Cleaning: Promptly wipe up any foreign matter or liquid with a damp cloth or sponge.

Warranty: The PupSTEP + Plus is warranted to be free from defects in materials or workmanship for a period of one (1) year from date of purchase. A copy of the original sales receipt is required for warranty issues.

SOLVIT Products is dedicated to offering innovative solutions to improve pets' quality of life. Please feel free to contact us with any questions, comments, or warranty issues. Thank you for your purchase!
